

Dear Sir / Madam,

RE: TESTIMONIAL FOR BCA SYSTEM PRODUCT

With reference to the above matter, we from **King's Confectionery Sdn Bhd**, would like to express our appreciation to **BCA System** for providing us a proven solution.

Since 2004, we have been using your **Hand Punch System** to embrace a new technological platform to control payroll cost, eliminate buddy punching and watch for rounding punch. We find the system is easy to use.

Moreover, we identify the possibility to eliminate the use of punch cards since the system utilizes hand palm instead.

Thank you for introducing a great product to us.

Yours faithfully,

KING'S CONFECTIONERY SDN BHD
